As always, young doctors specializing in Physical and Rehabilitation Medicine from all the countries of the Euro-Mediterranean area will participate live to whom the link for the connection will be sent. Not being bound by physical spaces, the audience of students will be able to be wider by delegating to SIMFER - ESPRM – UEMS PRM – MF PRM the selection of European students to be able to register through the General Managers of the various member countries.

Then, once the course posted on the EMRSS website, the course will be accessible to everyone thus widening the audience of those who want to take advantage of this training tool.
